

## index to volume 54, 1985

### A

- Abstracts from the 41st annual meeting of the American College of Allergists. 338
- Acetylcysteine in bronchial asthma—another look. Use of. Milton Millman, Franklyn M Millman, Ira M Goldstein, and Alex J Mercandetti. 294
- N-Acetylcysteine on the ciliary beat frequency of human bronchial explants. Pui-Man Paul Low, Mauricio J Dulfano, Chun Ka Luk, and Peter J P Finch. 273
- Aerosol therapy. Bisulfite sensitivity manifesting as an allergic reaction to. (case report) Theodore H Sher and Howard J Schwartz. 224
- Aerosolized antihistamine, chlorpheniramine maleate, on exercise-induced bronchospasm. The effect of an. E Neil Schachter and Moshe Rubin. 14
- Airways in children: and often overlooked association. Chronic cough, sinusitis, and hyperreactive. Robert F Sacha, Normand F Tremblay, and Robert L Jacobs. 195
- Alaska. Allergenic airborne pollen and spores in Anchorage. J H Anderson. 390
- Allergen extract monograph with advice for the patient. A comprehensive. John D Grabenstein, Richard J Summers, and Ronald L Renard. 185
- Allergens. Calcium phosphate adjuvanted. E H Pelyveld, M-R Ickovic, E Hénocq, and M Garcelon. (a communication from France) 521
- Allergens in Saudi Arabia. The occurrence of indoor. (a communication from Denmark) Henning Sørensen, Suzanne Gravesen, Peter Lind, Bente Schwartz, Abdul Aziz Ashoor, and Shakir Maglad. 530
- Allergic reaction to aerosol therapy. Bisulfite sensitivity manifesting as an. (case report) Theodore H Sher and Howard J Schwartz. 224
- Allergy abstracts from around the world. 163, 249, 545
- Allergy. The effect of cold exposure and exercise upon the nasal mucosal responses in nasal. (a communication from Japan) Akiyoshi Konno, Nobuhisa Terada, Yoshitaka Okamoto, and Kiyoshi Togawa. 50
- Allergy to egg yolk possibly induced by sensitization to bird serum antigens. (a communication from the Netherlands) F de Maat-Bleeker, A G van Dijk, and L Berrens. 245
- Alps (Misurina, 1756 m). Pulmonary function and bronchial hyperreactivity in asthmatic children with house dust mite allergy during prolonged stay in the Italian. (a communication from Italy) A L Boner, E Niero, I Antolini, E A Valletta, and D Gaburro. 42
- Aluminum absorbed and nonabsorbed tetanus toxoid in humans. Total and age antibody levels following booster immunization with. (a communication from France) M Cogné, J J Ballet, C Schmitt, and B Bizzini. 148
- Alveolitis due to diphenylmethane diisocyanate (MDI) with demonstration of no crossed respiratory reactivity to toluene diisocyanate (TDI). (a communication from Italy) Christina E Mapp, Luigi Dal Vecchio, Piera Boschetto, and Leonardo M Fabbri. 424
- Amaranthaceae. Cross-reactivity among Chenopodiaceae. (a communication from Spain) M Lombardero, O Duffort, J G Sellés, J Hernández, and J Carreira. 430
- Anaphylactic hypersensitivity to Mercurochrome (merbrominum). (a communication from Spain) J L Corrales Torres and Fernandez de Corres. 230
- Anaphylactic shock not responding to traditional therapy. Mechanisms and management of. Ronald M Perkin and Nick G Anas. 202
- Anaphylactoid reaction to corticosteroid: case report and review of the literature. (case report) Jeffrey S Peller and Emil J Bardana. 302
- Anaphylaxis. Familial exercise-induced. J Andrew Grant, Jafar Farnam, Ralph A Lord, David O Thueson, Michael A Lett-Brown, Harry Wallfisch, Douglas P Fine, and Frank C Schmalstieg. 35
- Anaphylaxis. Oral cromolyn sodium in milk induced. Erwin A Jones. 199
- Anas, Nick G and Ronald M Perkin: Mechanisms and management of anaphylactic shock not responding to traditional therapy. 202
- Anderson, J H: Allergenic airborne pollen and spores in Anchorage, Alaska. 390
- Antiasthma medication—an EEG study. Central nervous system effects of. D W Shucard, S L Spector, R L Euwer, K R Cummins, J L Shucard, and A Friedman. 177
- Antibody levels following booster immunization with aluminum absorbed and nonabsorbed tetanus toxoid in humans. Total and IgE. (a communication from France) M Cogné, J J Ballet, C Schmitt, and B Bizzini. 148
- Antigens. Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic dermatitis after oral challenge with milk and egg. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Antihistamine, chlorpheniramine maleate, on exercise-induced bronchospasm. The effect of an aerosolized. E Neil Schachter and Moshe Rubin. 14

# INDEX TO VOLUME 54, 1985

- Antolini, I, E A Valleria, D Gaburro, A L Boner, and E Niero: Pulmonary function and bronchial hyperactivity in asthmatic children with house dust mite allergy during prolonged stay in the Italian alps (Misurina, 1756 m). (a communication from Italy) 42
- Antolini, I, M Zambellini, G Piemonte, D Gaburro, and A L Boner: Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic dermatitis after oral challenge with milk and egg antigens. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from asthmatic subjects with aspirin intolerance. (a communication from France) Claude Bonne, Denise-Anne Moneret-Vautrin, Michel Wayoff, Anne Deschames, Patrick Gazel, Alain Legrand, and Claudie Kalt. 158
- Arrhythmogenicity from chronic theophylline and beta-2-adrenergic combination therapy in asthmatic subjects. Lack of significant. H William Kelly, Rogelio Menendez, and Wyatt Voyles. 405
- Asbestosis. Current perspectives in. (review article) Elliott Kagan. 463
- Ashoor, Abdul Aziz, Shakir Maglad, Henning Sørensen, Suzanne Gravesen, Peter Lind, and Bente Schwartz: The occurrence of indoor allergens in Saudi Arabia. (a communication from Denmark) 530
- Aspergillosis in Indian children with bronchial asthma. Allergic bronchopulmonary. (a communication from India) A Chetty, S Bhargava, and R K Jain. 46
- Aspirin intolerance. Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from asthmatic subjects with. (a communication from France) Claude Bonne, Denise-Anne Moneret-Vautrin, Michel Wayoff, Anne Deschames, Patrick Gazel, Alain Legrand, and Claudie Kalt. 158
- Asthma. Allergic bronchopulmonary aspergillosis in Indian children with bronchial. (a communication from India) A Chetty, S Bhargava, and R K Jain. 46
- Asthma and alveolitis due to diphenylmethane diisocyanate (MDI) with demonstration of no crossed respiratory reactivity to toluene diisocyanate (TDI). Combined. (a communication from Italy) Christina E Mapp, Luigi Dal Vecchio, Piera Boschetto, and Leonardo M Fabbri. 424
- Asthma—another look. Use of acetylcysteine in bronchial. Milton Millman, Franklyn M Millman, Ira M Goldstein, and Alex J Mercandetti. 294
- Asthma. Direct and indirect costs associated with the management of childhood. Richard J Marion, Thomas L Creer, and Russ V C Reynolds. 31
- Asthma. Localized bronchomalacia presenting as worsening. (case report) John R Cohn. 222
- Asthma: response to medical management. Bronchospasm in childhood. A G Weinstein. 105
- Asthma. The evaluation of gastroesophageal reflux symptoms in patients with bronchial. (a communication from Japan) Masato Mitsuhashi, Takeshi Tomomasa, Kenichi Tokuyama, Akihiro Morikawa, and Takayoshi Kuroume. 317
- Asthma: the role of beta-adrenergic agonists. Stepwise therapy of bronchial asthma. Harold S Nelson. 289
- Asthma, the tough case. Bronchial. (news bulletin and allergy forum) Milton Millman, Ira M Goldstein, Franklyn M Millman, Allen H Goodman, Stephen Van Campen, and Alex J Merchandetti. 77
- Asthmatic children. Compliance with oral theophylline therapy in. Pamela R Wood, Rosemary Casey, Gerald B Kolski, and Marie C McCormick. 400
- Asthmatic children. Theophylline compliance in. Andrew G Weinstein and Walter Cuskey. 19
- Asthmatic children with house dust mite allergy during prolonged stay in the Italian alps (Misurina, 1756 m). Pulmonary function and bronchial hyperactivity in. (a communication from Italy) A L Boner, E Niero, I Antolini, E A Valleria, and D Gaburro. 42
- Asthmatic response. The late. (clinical allergy—immunology rounds) Rajesh G Bhagat, Robert C Strunk, and Gary L Larsen. 272, 297
- Asthmatic subjects. Lack of significant arrhythmogenicity from chronic theophylline and beta-2-adrenergic combination therapy in. H William Kelly, Rogelio Menendez, and Wyatt Voyles. 405
- Asthmatic subjects with aspirin intolerance. Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from. (a communication from France) Claude Bonne, Denise-Anne Moneret-Vautrin, Michel Wayoff, Anne Deschames, Patrick Gazel, Alain Legrand, and Claudie Kalt. 158
- Asthmatics. Bronchial hyperresponsiveness to methacholine after exercise in asthmatics. (a communication from Japan) Shunsuke Suzuki, Tatsuya Chonan, Hidetada Sasaki, and Tamotsu Takishima. 136
- Atopic dermatitis after oral challenge with milk and egg antigens. Preliminary report on histamine release, circulating immune complexes, and complement activation in children with. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Atopic dermatitis using OKT monoclonal antibodies. Characterization of T cell subsets in patients with. (a communication from Japan) A Miadonna, A Tedeschi, E Leggieri, M Cottini, S Menni, M Froldi, and C Zanussi. 321
- Autoimmune disease. The genetics of thyroiditis as a prototype of human. (review article) Noel R Rose and C Lynne Burek. 261

## B

- Baenkler, Hans-Wolf and Hubert G Nüsslein: Spontaneous loss of hypersensitivity in patients allergic to bee or wasp stings; detection by venom-induced histamine release. (a communication from Germany) 516

# INDEX TO VOLUME 54, 1985

- Bahna, S L, C A Horwitz, S J Shacks, and D C Heiner: Increased serum IgG4 levels in acute Epstein-Barr viral mononucleosis. 284
- Ballet, J J, C Schmitt, B Bizzini, and M Cogné: Total and IgE antibody levels following booster immunization with aluminum absorbed and nonabsorbed tetanus toxoid in humans. (a communication from France) 148
- Bardana, Emil J and Jeffrey S Peller: Anaphylactoid reaction to corticosteroid: case report and review of the literature. (case report) 302
- Basophilic cells in the allergic nasal mucosa. Ultrastructural heterogeneity of the. (a communication from Japan) Minoru Okuda, Yoshikiyo Sakaguchi, Fumio Suzuki, Hirokuni Ohtsuka, and Shinichi Kawabori. 152
- Basophilic cells. Studies of nasal surface. (a communication from Japan) Minoru Okuda, Hirokuni Ohtsuka, and Shinichi Kawabori. 69
- Bee or wasp stings; detection by venom-induced histamine release. Spontaneous loss of hypersensitivity in patients allergic to. (a communication from Germany) Hubert G Nüsslein and Hans-Wolf Baenkler. 516
- Berrens, L, F de Maat-Bleeker, A G van Dijk: Allergy to egg yolk possibly induced by sensitization to bird serum antigens. (a communication from the Netherlands) 245
- Beery, Quinter C, Thomas G Zullo, D Lee Miller, Stephen M Murphey, Ronald A Landay, Viken Sassouni, Gilbert A Friday, and Hovhannes Shnorhokian: The influence of perennial allergic rhinitis on facial type and a pilot study of the effect of allergy management on facial growth patterns. 493
- Bellanti, J A, M V White, and Z Haddad: Selective IgG2 deficiency in a patient with skin and upper respiratory tract infection. 498
- Beta-adrenergic agonists. Stepwise therapy of bronchial asthma: the role of. Harold S Nelson. 289
- Beta-2-adrenergic combination therapy in asthmatic subjects. Lack of significant arrhythmogenicity from chronic theophylline and. H William Kelly, Rogelio Menendez, and Wyatt Voyles. 405
- Bewtra, Agandra, Robert G Townley, Christopher G Gifford, Elaine C Gonsior, and Guillermo V Villacorte: Pertussis booster vaccination and immediate hypersensitivity. 483
- Bhagat, Rajesh G, Robert C Strunk, and Gary L Larsen: The late asthmatic response. (clinical allergy—immunology rounds) 272, 297
- Bhargava, S, R K Jain, and A Chetty: Allergic bronchopulmonary aspergillosis in Indian children with bronchial asthma. (a communication from India) 46
- Bhat, Krishna, Peter H Scott, Howard Eigen, and Peter B Boggs: Evaluation of lung sounds by telephone. 109
- Biological response modifiers for the therapy of cancer. (review article) Ronald B Herberman. 376
- Bird serum antigens. Allergy to egg yolk possibly induced by sensitization to. (a communication from the Netherlands) F de Maat-Bleeker, A G van Dijk, and L Berrens. 245
- Bisulfite sensitivity manifesting as an allergic reaction to aerosol therapy. (case report) Theodore H Sher and Howard J Schwartz. 224
- Bizzini, B, M Cogné, J J Ballet, and C Schmitt: Total and IgE antibody levels following booster immunization with aluminum absorbed and nonabsorbed tetanus toxoid in humans. (a communication from France) 148
- Bloch, Earl F and Floyd J Malveaux: The significance of immunoglobulin E in resistance to parasitic infections. (review article) 83
- Boggs, Peter B, Krishna Bhat, Peter H Scott, and Howard Eigen: Evaluation of lung sounds by telephone. 109
- Boner, A L, I Antolini, M Zambellini, G Piemonte, and D Gaburro: Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic dermatitis after oral challenge with milk and egg antigens. (a communication from Italy) 442
- Boner, A L, E Niero, J Antolini, E A Valleta, and D Gaburro: Pulmonary function and bronchial hyperactivity in asthmatic children with house dust mite allergy during prolonged stay in the Italian alps (Misurina, 1756 m). (a communication from Italy) 42
- Bonne, Claude, Denise-Anne Moneret-Vautrin, Michel Wayoff, Anne Descharmes, Patrick Gazel, Alain Legrand, and Claudie Kalt: Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from asthmatic subjects with aspirin intolerance. (a communication from France) 158
- Book reviews. 328, 551
- Boschetto, Piera, Leonardo M Fabbri, Christina E Mapp, and Luigi Dal Vecchio: Combined asthma and alveolitis due to diphenylmethane diisocyanate (MDI) with demonstration of no cross-reactivity to toluene diisocyanate (TDI). (a communication from Italy) 425
- Brent, Dina K, Warren Richards, and Joseph A Church: Theophylline-associated seizures in children. 276
- Bronchial asthma—another look. Use of acetylcysteine in. Milton Millman, Franklyn M Millman, Ira M Goldstein, Alex J Mercandetti. 294
- Bronchial asthma. The evaluation of gastroesophageal reflux symptoms in patients with. (a communication from Japan) Masato Mitsuhashi, Takeshi Tomomasa, Kenichi Tokuyama, Akihiro Morikawa, and Takayoshi Kuroume. 317
- Bronchial asthma: the role of beta-adrenergic agonists. Stepwise therapy of. Harold S Nelson. 289
- Bronchial explants. Effect of N-acetylcysteine on the ciliary beat frequency of human. Pui-Man Paul Low, Mauricio J Dulfano, Chun Ka Luk, and Peter J P Finch. 273
- Bronchospasm in childhood asthma: response to medical management. Crying-induced. A G Weinstein. 105

# INDEX TO VOLUME 54, 1985

- Bronchomalacia presenting as worsening asthma. Localized. (case report) John R Cohn. 222
- Bronchospasm. The effect of an aerosolized antihistamine, chlorpheniramine maleate, on exercise-induced. E Neil Schachter and Moshe Rubin. 14
- Buchman, E, F L Cascio, J H Chretien, T S Foster, W E Gordon, C Jakle, S J Klemawesch, D L Weiner, L J Wille, T H Tsai, J P Kemp, C E Buckley, and M E Gershwin: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Buckley, C E, M E Gershwin, E Buchman, F L Cascio, J H Chretien, T S Foster, W E Gordon, C Jakle, S J Klemawesch, D L Weiner, L J Wille, T H Tsai, and J P Kemp: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Burek, C Lynne and Noel R Rose: The genetics of thyroiditis as a prototype of human autoimmune disease. (review article) 261

## C

- Calcium phosphate adjuvanted allergens. E H Relyveld, M-R Ickovic, E Hénocq, and M Gacelon. (a communication from France) 521
- Cancer. Biological response modifiers for the therapy of. (review article) Ronald B Herberman. 376
- Cancer. Serum IgE levels in patients with. (a communication from Israel) Yoram Levo, Shula Wollner, and Meir Shalit. 453
- Carreira, J, A L Corbi, A Pelaez, and E Errigo: Cross-reactivity between *Parietaria judaica* and *Parietaria officinalis*. (a communication from Spain) 142
- Carreira, J, M Lombardero, O Duffort, J G Sellés, and J Hernández: Cross-reactivity among Chenopodiaceae and Amaranthaceae. (a communication from Spain) 430
- Cascio, F L, J H Chretien, T S Foster, W E Gordon, C Jakle, S J Klemawesch, D L Weiner, L J Wille, T H Tsai, J P Kemp, C E Buckley, M E Gershwin, and E Buchman: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Case review: chronic cough in a 59-year-old man. (clinical allergy—immunology rounds) Wilfred Cole, Jacob Offenberger, Oscar L Frick, and Jeffrey A Golden. 12, 39
- Case study: a child with chronic pulmonary infiltrates. (clinical allergy—immunology rounds) Barry Zeffren, Allan P Knutsen, Raymond G Slavin, and Luis Salinas-Madrigal. 97, 122
- Casey, Rosemary, Gerald B Kolski, Marie C McCormick, and Pamela R Wood: Compliance with oral theophylline therapy in asthmatic children. 400
- Cell-mediated immunity in school children assessed by Multitest CMI skin testing. II Epidemiologic factors affecting immune responsiveness. (a communication from France) Bruno M Lesourd, Robert Neil Corriel, Joyce Lea McBryde, and William Theodore Knicker. 446
- Central nervous system effects of antiasthma medication—an EEG study. D W Shucard, S L Spector, R L Euwer, K R Cummins, J L Shucard, and A Friedman. 177
- Chen, Ke and Zhang Jintan: A study of aeroallergens in Nanning, Guangxi, China. (a communication from China) 242
- Chenopodiaceae and Amaranthaceae. Cross-reactivity among. (a communication from Spain) M Lombardero, O Duffort, J G Sellés, J Hernández, and J Carreira. 43
- Chetty A, S Bhargava, and R K Jain: Allergic bronchopulmonary aspergillosis in Indian children with bronchial asthma. (a communication from India) 46
- Childhood asthma: response to medical management. Bronchospasm in. A G Weinstein. 105
- China. A study of aeroallergens in Nanning, Guangxi. (a communication from China) Chen Ke and Zhang Jintan. 242
- Chlorpheniramine maleate, on exercise-induced bronchospasm. The effect of an aerosolized antihistamine. E Neil Schachter and Moshe Rubin. 14
- Chonan, Tatsuya, Hidetada Sasaki, Tamotsu Takishima, and Shunsuke Suzuki: Bronchial hyperresponsiveness to methacholine after exercise in asthmatics. (a communication from Japan) 136
- Chretien, J H, T S Foster, W E Gordon, C Jakle, S J Klemawesch, D L Weiner, L J Wille, T H Tsai, J P Kemp, C E Buckley, M E Gershwin, E Buchman, and F L Cascio: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Church, Joseph A, Dina K Brent, and Warren Richards: Theophylline-associated seizures in children. 276
- Ciliary beat frequency of human bronchial explants. Effect of *N*-acetylcysteine on the. Pui-Man Paul Low, Mauricio J Dulfano, Chun Ka Luk, and Peter J P Finch. 273
- Cocaine abuse in an allergists office. Intranasal. Richard D Snyder and Lisa B Snyder. 489
- Codeine. Scarlatiniform rash and urticaria due to. (a communication from Norway, case report) Steinar Hunskaar and Stein Dragsund. 240
- Cogné, M, J J Ballet, C Schmitt, and B Bizzini: Total and IgE antibody levels following booster immunization with aluminum absorbed and nonabsorbed tetanus toxoid in humans. (a communication from France) 148
- Cohen, Gary A, Geoffrey A MacPherson, Henry E Golembesky, Alfredo A Jalowsky, and Richard A O'Connor: Normal nasal cytology in infancy. 112
- Cohen, Robert M: A pharmacokinetic approach to the use of theophylline in status asthmaticus. (review article) 1
- Cohn, John R: Localized bronchomalacia presenting as worsening asthma. (case report) 222
- Cold exposure and exercise upon the nasal mucosal responses in nasal allergy. The effect of. (a communication from Japan) Akiyoshi Konno, Nobuhisa Terada, Yoshitaka Okamoto, and Kiyoshi Togawa. 50

# INDEX TO VOLUME 54, 1985

- Cole, Wilfred, Jacob Offenberger, Oscar L Frick, Jeffrey A Golden: Case review: chronic cough in a 59-year-old man. (clinical allergy—immunology rounds) 12, 39
- Committee report: standardization committee on allergenic extracts of the American College of Allergists—1983. (news bulletin & allergy forum) William C Grater. 81
- Complement activation in children with atopic dermatitis after oral challenge with milk and egg antigens. Preliminary report on histamine release, circulating immune complexes, and. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Conjunctivitis. Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and. J P Kemp, C E Buckley, M E Gershwin, E Buchman, F L Cascio, J H Chretien, T S Foster, W E Gordon, C Jakle, S J Klemawesch, D L Weiner, L J Wille, and T H Tsai. 502
- Corbi, A L, A Pelaez, E Errigo, and J Carreira: Cross-reactivity between *Parietaria judaica* and *Parietaria officinalis*. (a communication from Spain) 142
- Corrales Torres, J L and Fernandez de Corres: Anaphylactic hypersensitivity to Mercurochrome (merbromium). (a communication from Spain) 230
- Corriel, Robert Neil, Joyce Lea McBryde, William Theodore Knicker, and Bruno M Lesourd: Cell-mediated immunity in school children assessed by Multitest CMI skin testing. II. Epidemiologic factors affecting immune responsiveness. (a communication from France) 446
- Corticosteroid: case report and review of the literature. Anaphylactoid reaction to. (case report) Jeffrey S Peller and Emil J Bardana. 302
- Costs associated with the management of childhood asthma. Direct and indirect. Richard J Marion, Thomas L Creer, and Russ V C Reynolds. 31
- Cottini, M, S Menni, M Froidi, C Zanussi, A Miadonna, A Tedeschi, and E Leggeri: Characterization of T cell subsets in patients with atopic dermatitis using OKT monoclonal antibodies. (a communication from Japan) 321
- Cough in a 59-year-old man. Case review: chronic. (clinical allergy—immunology rounds) Wilfred Cole, Jacob Offenberger, Oscar L Frick, and Jeffrey A Golden. 12, 39
- Cough, sinusitis, and hyperreactive airways in children: an often overlooked association. Chronic. Robert F Sacha, Normand F Tremblay, and Robert L Jacobs. 195
- Covelli, Henry D, Arthur R Knodel, and Bradley T Hepper: Predisposing factors to apparent theophylline-induced seizures. 411
- Cromoglycate-induced changes in the dose-response curve of inhaled methacholine in cystic fibrosis. Sodium. (a communication from Canada) I Mitchell 233
- Cromolyn sodium in milk induced anaphylaxis. Oral. Erwin A Jones. 199
- Cross-allergenicity among the grasses. Bruce G Martin, Lyndon E Mansfield, and Harold S Nelson. 99
- Cross-reactivity between *Parietaria judaica* and *Parietaria officinalis*. (a communication from Spain) A L Corbi, A Pelaez, E Errigo, and J Carreira. 142
- Crying-induced bronchospasm in childhood asthma: response to medical management. A G Weinstein. 105
- Cummins, K R, J L Shucard, A Friedman, D W Shucard, S L Spector, and R L Euwer: Central nervous system effects of antiasthma medication—an EEG study. 177
- Cuskey, Walter and Andrew G Weinstein: Theophylline compliance in asthmatic children. 19
- Cyanosis and tachypnea with weight loss in an infant. (clinical allergy—immunology rounds) Keith M Phillips and Robert C Forsythe. 477, 510
- Cyclooxygenase in platelets from asthmatic subjects with aspirin intolerance. Arachidonic acid metabolism and inhibition of. (a communication from France) Claude Bonne, Denise-Anne Moneret-Vautrin, Michel Wayoff, Anne Decharmes, Patrick Gazel, Alain Legrand, and Claudie Kalt. 158
- Cystic fibrosis. Sodium cromoglycate-induced changes in the dose-response curve of inhaled methacholine in. (a communication from Canada) I Mitchell. 233

## D

- Dal Vecchio, Luigi, Piera Boschetto, Leonardo M Fabbri, and Christina E Mapp: Combined asthma and alveolitis due to diphenylmethane diisocyanate (MDI) with demonstration of no crossed respiratory reactivity to toluene diisocyanate (TDI). (a communication from Italy) 425
- Dandeu, J P, E Henocq, M Raffard, J Ishay, and B David: Immunochemical study of the venom from the hornet *Vespa orientalis* (hymenoptera: vespinae). (a communication from France) 236
- Darden, Michael D and R Michael Sly: Evaluation of HealthScan Assess Peak Flow Meters. 486
- David, B, J P Dandeu, E Henocq, M Raffard, and J Ishey: Immunochemical study of the venom from the hornet *Vespa orientalis* (hymenoptera: vespinae). (a communication from France) 236
- de Corres, Fernandez and J L Corrales Torres: Anaphylactic hypersensitivity to Mercurochrome (merbromium). (a communication from Spain) 230
- Decouto, Jean, Laura D Maloch, Dennis L Spangler, David G Tinkelman, and Lorri Edelman: The effect of diet on the metabolism of long acting theophylline. 280
- de Maat-Bleeker, F, A G van Dijk, and L Berrens: Allergy to egg yolk possibly induced by sensitization to bird serum antigens. (a communication from the Netherlands) 245
- Dermatitis after oral challenge with milk and egg antigens. Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Dermatitis using OKT monoclonal antibodies. Characterization of T cell subsets in patients with atopic.

# INDEX TO VOLUME 54, 1985

- (a communication from Italy) A Miadonna, A Todeschi, E Leggieri, M Cottini, S Menni, M Froldi, and C Zanussi. 321
- (*Dermatophagoides farinae*) antigens treated with glutaraldehyde. Allergenicity and immunogenicity of house-dust mite. (a communication from Japan) Shigetoshi Nakada, Koji Ito, Chikao Urata, Yoshio Sakamoto, Maki Hasegawa, Takemasa Nakagawa, and Terumasa Miyamoto. 437
- Deschermes, Anne, Partick Gazel, Alain Legrand, Claudie Kalt, Claude Bonne, Denise-Anne Moneret-Vautrin, and Michel Wayoff: Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from asthmatic subjects with aspirin intolerance. (a communication from France) 158
- Diet on the metabolism of long acting theophylline. The effect of. David G Tinkelman, Lorri Edelman, Jean Decouto, Laura D Maloch, and Dennis L Spangler. 280
- Diphenylmethane diisocyanate (MDI) with demonstration of no crossed respiratory reactivity to toluene diisocyanate (TDI). Combined asthma and alveolitis to. (a communication from Italy) Christina E Mapp, Luigi Dal Vecchio, Piera Boschetto, and Leonardo M Fabbri. 424
- Dragsund, Stein and Steinar Hunskaar: Scarletiform rash and urticaria due to codeine. (a communication from Norway, case report) 240
- Drug abuser. Acute bacterial endocarditis, osteomyelitis, and an arteriovenous fistula in an intravenous. (clinical allergy—immunology rounds) Carmine Mandarano, Nathan Weiss, and Marianne Frieri. 385
- Duffort, O, J G Sellés, J Hernández, J Carreira, and M Lombardero: Cross-reactivity among Chenopodiaceae and Amaranthaceae. (a communication from Spain) 430
- Dulfano, Mauricio J, Chun Ka Luk, Peter J P Finch, and Pui-Man Paul Low: Effect of *N*-acetylcysteine on the ciliary beat frequency of human bronchial explants. 273
- Dust by central and portable vacuum cleaners. Dissemination of. R Michael Sly, Shelby H Josephs, and Donna M Eby. 209

## E

- Eby, Donna M, R Michael Sly, and Shelby H Josephs: Dissemination of dust by central and portable vacuum cleaners. 209
- Edelman, Lorri, Jean Decouto, Laura D Maloch, Dennis L Spangler, and David G Tinkelman: The effect of diet on the metabolism of long acting theophylline. 280
- EEG Study. Central nervous system effects of antiasthma medication—. D. W. Shucard, S L Spector, R L Euwer, K R Cummins, J L Shucard, and A Friedman. 177
- Egg antigens. Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic dermatitis after oral challenge with milk and. (a communication from Italy) A L Boner, I Antolini, M Zambellini, G Piemonte, and D Gaburro. 442
- Egg yolk possibly induced by sensitization to bird serum antigens. Allergy to. (a communication from the Netherlands) F de Maat-Bleeker, A G van Dijk, and L Berrens. 245
- Eigen, Howard, Peter B Boggs, Krishna Bhat, and Peter H Scott: Evaluation of lung sounds by telephone. 109
- Endocarditis, osteomyelitis, and an arteriovenous fistula in an intravenous drug abuser. Acute bacterial. (clinical allergy—immunology rounds) Carmine Mandarano, Nathan Weiss, and Marianne Frieri. 385
- Eosinophilia, mental status changes, and renal failure in a 55-year-old woman. (clinical allergy—immunology rounds) Richard W Weber and Paul J Simon. 175, 216
- Epidemiologic factors affecting immune responsiveness. Cell-mediated immunity in school children assessed by Multitest CMI skin testing. II. (a communication from France) Bruno M Lesourd, Robert Neil Corriel, Joyce Lea McBryde, and William Theodore Knicker. 446
- Epstein-Barr viral mononucleosis. Increased serum IgG4 levels in acute. S J Shacks, D C Heiner, S L Bahna, and C A Horwitz. 284
- Errigo, E, J Carreira, A L Corbi, and A Pelaez: Cross-reactivity between *Parietaria judaica* and *Parietaria officinalis*. (a communication from Spain) 142
- Euwer, K R Cummins, J L Shucard, A Friedman, D W Shucard, and S L Spector: Central nervous system effects of antiasthma medication—an EEG study. 177
- Exercise in asthmatics. Bronchial hyperresponsiveness to methacholine after. (a communication from Japan) Shunsuke Suzuki, Tatsuya Chonan, Hidetada Sasaki, and Tamotsu Takishima. 136
- Exercise-induced anaphylaxis. Familial. J Andrew Grant, Jafar Farnam, Ralph A Lord, David O Thueson, Michael A Lett-Brown, Harry Wallfisch, Douglas P Fine, and Frank C Schmalstieg. 35
- Exercise-induced bronchospasm. The effect of an aerosolized antihistamine, chlorpheniramine maleate, on. E Neil Schachter and Moshe Rubin. 14
- Exercise upon the nasal mucosal responses in nasal allergy. The effect of cold exposure and. (a communication from Japan) Akiyoshi Konno, Nobuhisa Terada, Yoshitaka Okamoto, and Kiyoshi Togawa. 50
- Extract monograph with advice for the patient. A comprehensive allergen. John D Grabenstein, Richard J Summers, and Ronald L Renard. 185
- Extracts of the American College of Allergists—1983. Committee report: standardization committee on allergenic. (news bulletin & allergy forum) William C Grater. 81

- Vaccination and immediate hypersensitivity. Pertussis booster. Christopher G Gifford, Elaine C Gonsior, Guillermo V Villacorte, Agandra Bewtra, and Robert G Townley. 483
- Vacuum cleaners. Dissemination of dust by central and portable. R Michael Sly, Shelby H Josephs, and Donna M Eby. 209
- Valletta, E A, D Gaburro, A L Boner, E Niero, and I Antolini: Pulmonary function and bronchial hyperreactivity in asthmatic children with house dust mite allergy during prolonged stay in the Italian alps (Misurina, 1756 m). (a communication from Italy) 42
- Van Campen, Stephen, Alex J Mercandetti, Milton Millman, Ira M Goldstein, Franklyn M Millman, and Allan H Goodman: Bronchial asthma, the tough case. (news bulletin & allergy forum) 77

# INDEX TO VOLUME 54, 1985

- van Dijk, L Berrens, and F de Maat-Bleeker: Allergy to egg yolk possibly induced by sensitization to bird serum antigens. (a communication from the Netherlands) 245
- Venom from the hornet *Vespa orientalis* (hymenoptera: vespinae). Immunochemical study of the. (a communication from France) J P Dandeu, E Henocq, M Raffard, J Ishay, and B David. 236
- Verner, J L, R J Peace, A G Majub, and L I Giltman: Pulmonary hyalinizing granuloma. (case report) 227
- Vespa orientalis* (hymenoptera: vespinae). Immunochemical study of the venom from the hornet. (a communication from France) J P Dandeu, E Henocq, M Raffard, J Ishay, and B David. 236
- Villacorte, Guillermo V, Agandra Bewtra, Robert G Townley, Christopher G Gifford, and Elaine C Gonsior: Pertussis booster vaccination and immediate hypersensitivity. 483
- Voltolini, S, M Siccardi, L Grassia, A C Negrini, and C Troise: Long-term hyposensitization and adverse immunologic responses. A laboratory evaluation. (a communication from Italy) 534
- Voyles, Wyatt, H William Kelly, and Rogelio Menendez: Lack of significant arrhythmogenicity from chronic theophylline and beta-2-adrenergic combination therapy in asthmatic subjects. 405

## W

- Wallfisch, Harry, Douglas P Fine, Frank C Schmalstieg, J Andrew Grant, Jafar Farnam, Ralph A Lord, David O Thueson, and Michael A Lett-Brown: Familial exercise-induced anaphylaxis. 35
- Wasp stings; detection by venom-induced histamine release. Spontaneous loss of hypersensitivity in patients allergic to bee or. (a communication from Germany) Hubert G. Nüsslein and Hans-Wolf Baenkler. 516
- Wayoff, Michel, Anne Descharmes, Patrick Gazel, Alain Legrand, Claudie Kalt, Claude Bonne, and Denise-Anne Moneret-Vautrin: Arachidonic acid metabolism and inhibition of cyclooxygenase in platelets from asthmatic subjects with aspirin intolerance. (a communication from France) 158
- Weber, Richard W and Paul J Simon: Eosinophilia, mental status changes, and renal failure in a 55-year-old woman. (clinical allergy—immunology rounds) 175, 216
- Weiner, D L, L J Wille, T H Tsai, J P Kemp, C E Buckley, M E Gershwin, E Buchman, F L Cascio, J H Chretien, T S Foster, W E Gordon, C Jakle, and S J Klemawesch: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Weinstein, A G: Crying-induced bronchospasm in childhood asthma: response to medical management. 105
- Weinstein, Andrew G and Walter Cuskey: Theophylline compliance in asthmatic children. 19
- Weiss, Nathan, Marianne Friere, and Carmine Mandarano: Acute bacterial endocarditis, osteomyelitis, and an arteriovenous fistula in an intravenous drug abuser. (clinical allergy—immunology rounds) 385
- White M V, Z Haddad, and J A Bellanti: Selective IgG2 deficiency in a patient with skin and upper respiratory tract infection. 498
- Wille, L J, T H Tsai, J P Kemp, C E Buckley, M E Gershwin, E Buchman, F L Cascio, J H Chretien, T S Foster, W E Gordon, C Jakle, S J Klemawesch, and D L Weiner: Multicenter, double-blind, placebo-controlled trial of terfenadine in seasonal allergic rhinitis and conjunctivitis. 502
- Wolfe, Stanley I and Richard A Nicklas: Sulfite sensitivity in a seven-year-old child. (case study) 420
- Wollner, Shula, Meir Shalit, and Yoram Levo: Serum IgE levels in patients with cancer. (a communication from Israel) 453
- Wood, Pamela R, Rosemary Casey, Gerald B Kolski, and Marie C McCormick: Compliance with oral theophylline therapy in asthmatic children. 400
- Wray, Betty B, J Russell May, Donna M Jamieson, and Margaret F Guill: Metabisulfite sensitivity: case report and literature review. (case report) 115

## Z

- Zambellini, M, G Piemonte, D Gaburro, A L Boner, and I Antolini: Preliminary report on histamine release, circulating immune complexes, and complement activation in children with atopic dermatitis after oral challenge with milk and egg antigens. (a communication from Italy) 442
- Zanussi, C, A Miadonna, A Tedeschi, E Leggeri, M Cottini, S Menni, and M Froidi: Characterization of T cell subsets in patients with atopic dermatitis using OKT monoclonal antibodies. (a communication from Japan) 321
- Żebrak, J, J Gawęz, S Herman, A Scislicki, J Pryjma, and T Herman: Studies of bronchial secretion. The influence of inflammatory response and bacterial infection. (a communication from Poland) 60
- Zeffren, Barry, Allan P Knutsen, Raymond G Slavin, and Luis Salinas-Madrigal: Case study: a child with chronic pulmonary infiltrates. (clinical allergy—immunology rounds) 97, 122
- Zhang, Jintan and Chen Ke: A study of aeroallergens in Nanning, Guangxi, China. (a communication from China) 242
- Zullo, Thomas G, D Lee Miller, Stephen M Murphey, Ronald A Landay, Viken Sassouni, Gilbert A Friday, Hovhannes Shnorhokian, and Quinter C Beery: The influence of perennial allergic rhinitis on facial type and a pilot study of the effect of allergy management on facial growth patterns. 493
